# MEMORANDUM

**To:** Beverly McKeone

**From:** David Keatley

**Date:** April 2, 2015

**Subject:** G70-A034B

The WV DAQ received this application from Antero Resources Corporation (Antero) on February 10, 2015 and the application was deemed complete on March 9, 2015.

Antero has proposed removing the combustor from their produced liquids tanks.

This proposed permitting action qualifies for a Class II administrative update due to the fact that the facility does not meet Modification thresholds. Antero paid the $300 Class II Administrative Update on February 20, 2015. Antero published a Class I legal advertisement in The Exponent Telegram on February 19, 2015.
