Re: MarkWest Liberty Midstream & Resources L.L.C.
Mobley Gas Plant
Request for Permit Determination

Dear Mr. Benedict:

MarkWest Liberty Midstream & Resources L.L.C. (MarkWest) owns and operates the Mobley Gas Plant under R13-2878C. In accordance with WV §45-13-5.14, MarkWest hereby notifies the Department of a like-for-like engine replacement. MarkWest will replace one (1) existing Waukesha P9390GSI engine (S/N 5283701326) with an engine of identical make and model (S/N 5253704116). Because total facility-wide emissions will remain unchanged, it is believed that a permit to modify is not required. Required notifications will be made in accordance with applicable New Source Performance Standards.

If you have any questions or comments, please call myself at (303) 542-1212 or email dmichaud@markwest.com.

Sincerely,

Dan Michaud
Senior Environmental Engineer
