Re: Amendment to Comments on the West Virginia Draft 2012 Section 303(d) List

On June 8, 2012, Appalachian Mountain Advocates submitted comments on the West Virginia Department of Environmental Protection (“DEP”) Division of Water and Waste Management’s 2012 draft list of West Virginia’s impaired streams and lakes. We would like to amend those comments by including a list of streams within DEP’s “gray zone” of WVSCI scores. These streams were not listed in the draft 2012 Section 303(d) list and are referred to in Section I.D. of our comments. The gray zone list was received through a recent Freedom of Information Act request to the West Virginia Department of Environmental Protection.

Sincerely,
