Re: Southwestern Production Company, LLC  
Van Aston Pad (Plant ID No. 051-00208)  
Permit No. G70-A094  
Like-Kind Engine Installation Notification

Dear Mr. Durham,

Southwestern Production Company, LLC (Southwestern), a subsidiary of Southwestern Energy Corporation, received authorization to install equipment at the above-referenced oil and natural gas production facility under Permit No. G70-A094 dated December 3, 2014. Permitted equipment included three (3) 145- bhp flash gas compressor engines:

<b>Identification No: EU- MC2071</b>	<b>Identification No: EU-MC2536</b>	<b>Identification No: EU- MC2548</b>
<b>Date of Manufacture: 9/27/2006</b>	<b>Date of Manufacture: 4/10/2008</b>	<b>Date of Manufacture: 4/14/2008</b>
<b>Serial Number: G6X02725</b>	<b>Serial Number: G6X04468</b>	<b>Serial Number: G6X04489</b>

It has since been determined the engines to be installed will be as follows:

<b>Identification No: EU- MC2071</b>	<i>Identification No: EU-MC2074</i>	<i>Identification No: EU- MC1918</i>
<b>Date of Manufacture: 9/27/2006</b>	<i>Date of Manufacture: 8/31/2006</i>	<i>Date of Manufacture: 10/4/2006</i>
<b>Serial Number: G6X02725</b>	<i>Serial Number: G6X02657</i>	<i>Serial Number: G6X02749</i>

The (2) two engines, which will differ from those permitted, are of the same make, model and horsepower rating as the permitted engines. The engines, like the previously permitted engines, are also not subject to requirements under NSPS Subpart JJJJ. Southwestern agrees to meet the emission standards set for the permitted engines.

Southwestern submits this letter as a notification in lieu of a permit update. Should you have any questions or require further information, please feel free to contact Kristi Evans at 304-884-1652 or [kristi\\_evans@swn.com](mailto:kristi_evans@swn.com).

Sincerely,

Paul Geiger

Vice President – Southwestern Production Company
