RE: Huff Creek Compressor Station
Permit Number R13-2066C
Request for Class I Administrative Update

Mr. Durham,

We have removed several pieces of equipment from our Huff Creek Compressor station. As a result, the Title V permit for the location (R30-1090021-1996) was inactivated by the Department on April 8, 2015.

With this letter we respectfully request the following specific changes and any necessary associated changes be made to our R13 permit to reflect the equipment removal:

Table 1.0: Remove the following units

E01	RICE Clark RA-8
E02	RICE Clark RA-8
E03	Cooper Bessemer GMV-8-TF
E04	Waukesha F190GR
F1	Allis Chalmers B-125
G1	LeRoi 75AF1500
G2	LeRoi 75AF1500
P2	LeRoi D226
D1	TEG Dehydrator, Natco
BL1	Dehydrator Reboiler

Table 4.1.2: Remove lines for E01, E02, E03

Table 4.1.3: Remove table, as all units have been removed

Respectfully,

Leland Johnston
Manager of Operations
