RE: Application Status: Complete
Noble Energy Inc. (Noble)
Oxford 1 NG Production Facility (OXF 1)
Permit Registration No.: G70-A001B
Plant ID No.: 017-00072

Dear Mr. Murrell:

Your application for a Class I Administrative Updated to permit registration G70-A001A for a natural gas production facility was received by this Division on July 23, 2015 and assigned to the writer for review on July 24, 2015. Upon review of said application, it has been determined that the application is complete as submitted and, therefore, the statutory review period commenced on July 24, 2015.

In the case of this application, the agency believes it will take approximately 60 days (from July 24, 2015) to make a final permit determination.

This determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit determination.

Should you have any questions, please contact me at (304) 926-0499 ext. 1227.

Sincerely,

John Legg
Permit Writer

RE: Application Status
Noble Energy, Inc.
Oxford 1
Plant ID No. 017-00072
Application No. G70-A001B

Mr. Moses,

Your application for a Class I Administrative Update permit for the Oxford 1 Production Facility was received by this Division on July 23, 2015, and was assigned to John Legg.

Within 30 days, you should receive a letter from John stating the status of the permit application and, if complete, given an estimated time frame for the agency's final action on the permit.

Any determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit decision.

Should you have any questions, please contact the assigned engineer, John Legg, at 304-926-0499, extension 1257.
