RE: Application Status: Complete
Charleston Area Medical Center
Cancer Center
Registration Application G60-C074
Plant ID No. 039-00076

Dear Mr. Grotty :

Your Registration Application for General Permit to construct and operate an emergency generator was received by this Division on March 20, 2015 and assigned to the writer for review. Upon review of said application, it has been determined that the application is complete as submitted and, therefore, the statutory review period commenced on April 17, 2015.

In the case of this general permit registration application, the agency believes it will take no more than 45 days to make a final permit determination.

This determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit determination.

Should you have any questions, please contact the undersigned engineer at (304)926-0499 ext. 1211.

Sincerely,

William T. Rothwell II, P.E.
