Application Number: R13-3182T Extension

Facility ID Number: 099-00009

Name of Applicant: Ashland, Inc.

Name of Facility: Neal Plant

Application Type: Class I Admin Update/ Temporary Permit Extension

Received Date: February 17, 2015

Complete Date: February 17, 2015

Due Date: February 24, 2015

Permit Writer: Laura Jennings

Ashland submitted a Class I Administrative Update requesting an extension of the expiration date of the temporary permit 12 months. 45 CSR13 §11.2 allows temporary permits to be extended for up to twelve (12) additional months upon submission of a written application for the extension. 45 CSR13 §11.3 states that temporary permits that are expired are not eligible to be extended.

The applicant has met both requirements under 45 CSR 13.

It is therefore recommended that permit R13-3182T have the expiration date extended from February 25, 2015 to February 25, 2016.
