AIR QUALITY PERMIT NOTICE

Notice of Intent to Approve

On October 23, 2015, Mountain Valley Pipeline, LLC applied to the WV Department of Environmental Protection, Division of Air Quality (DAQ) for a permit to Construct a Natural Gas Compressor Station located near Mannington, Wetzel County, WV at latitude 39.532717 and longitude -80.533967. A preliminary evaluation has determined that all State and Federal air quality requirements will be met by the proposed facility. The DAQ is providing notice to the public of its preliminary determination to issue the permit as R13-3278.

The following potential emissions will be authorized by this permit action: Particulate Matter less than 10 microns, 47.47 tons per year (TPY); Particulate Matter, 47.47 TPY; Oxides of Nitrogen, 178.62 TPY; Carbon Monoxide, 197.78 TPY; Volatile Organic Compounds, 31.94 TPY; Sulfur Dioxide, 10.98 TPY, Total Hazardous Air Pollutants, 10.79 TPY.

Written comments or requests for a public meeting must be received by the DAQ before 5:00 p.m. on Friday, March 11, 2016. A public meeting may be held if the Director of the DAQ determines that significant public interest has been expressed, in writing, or when the Director deems it appropriate.

The purpose of the DAQ's permitting process is to make a preliminary determination if the proposed Construction will meet all State and Federal air quality requirements. The purpose of the public review process is to accept public comments on air quality issues relevant to this determination. Only written comments received at the address noted below within the specified time frame, or comments presented orally at a scheduled public meeting, will be considered prior to final action on the permit. All such comments will become part of the public record.

Roy F. Kees, P.E.
WV Department of Environmental Protection

Subject: WV DAQ NSR Permit Application Complete for Mountain Valley Pipeline - Bradshaw Station

**RE: Application Status: Complete
Mountain Valley Pipeline - Bradshaw Station
Permit Application R13-3278
Plant ID No. 103-00109**

Mr. Posey

Your application for a Construction permit for a Natural Gas Compressor Station was received by this Division on October 23, 2015 and assigned to the writer for review. Upon review of said application, it has been determined that the application is complete and, therefore, the statutory review period commenced on December 23, 2015.

In the case of this application, the agency believes it will take approximately 90 days to make a final permit determination.

This determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit determination.

Should you have any questions, please contact Roy F. Kees, P.E. at (304) 926-0499 ext. 1222 or reply to this email.

Re: Mountain Valley Pipeline, LLC – Bradshaw Compressor Station
Permit Application No. R13-3278

Dear Mr. Kees:

On November 30, 2015, Mountain Valley Pipeline, LLC (MVP) received a request to perform an aggregation analysis as a supplement to the construction permit application that is currently on file at the West Virginia Department of Environmental Protection (WVDEP). The requested aggregation analysis is included below.

Mountain Valley Pipeline, LLC (MVP) is a joint venture of affiliates of EQT Corporation (EQT), NextEra Energy, Inc., WGL Holdings, Inc., Vega Energy Partners, Ltd., and RGC Midstream, LLC. MVP will operate the proposed pipeline facilities and Bradshaw compressor station (SIC code 4922).

There are no MVP facilities located adjacent to or contiguous to the proposed Bradshaw Station. The closest MVP facility is the proposed Harris Station, located approximately 55 miles away from the proposed Bradshaw Station.

An affiliate of EQT is MVP's operating partner. There are no EQT facilities located adjacent to or contiguous to the proposed Bradshaw Station. The nearest EQT facility is the Logansport Station (SIC code 4922), located approximately 1.9 miles from the proposed Bradshaw Station. The nearest EQT well pad (SIC code 1311) is located approximately 1.3 miles from the proposed Bradshaw Station. Finally, it should be noted that operation of the Bradshaw Station, Harris Station, Logansport Station and the well pad is independent of one another. As such, the Bradshaw Station should not be aggregated with any other facility.

Should you have additional questions or require more information, please do not hesitate to contact me at 412.553.7848 or rhenry@eqt.com.

Sincerely,
Mountain Valley Pipeline, LLC

Subject: WV DAQ Permit Application Incomplete for Mountain Valley Pipeline, LLC - Bradshaw Station

**RE: Application Status: Incomplete
Mountain Valley Pipeline, LLC - Bradshaw Station
Permit Application No. R13-3278
Plant ID No. 103-00109**

Mr. Posey:

Your application for a Construction permit for a Natural Gas Compressor Station was received by this Division on October 23, 2015 and assigned to the writer for review. Upon initial review of said application, it has been determined that the application as submitted is incomplete based on the following items:

1. Need aggregation analysis performed for site. (See Attached)

Please address the above deficiencies in writing within fifteen (15) days of the receipt of this email. Application review will not commence until the application has been deemed to be technically complete. Failure to respond to this request in a timely manner may result in the denial of the application.

Should you have any questions, please contact Roy F. Kees at (304) 926-0499 ext. 1222 or reply to this email.

WETZEL CHRONICLE

14 - WETZEL CHRONICLE - Wednesday

Legal Notices

AIR QUALITY PERMIT NOTICE

Notice of Application

Notice is given that Mountain Valley Pipeline, LLC has applied to the West Virginia Department of Environmental Protection, Division of Air Quality, for a construction permit (R-13) to construct a new natural gas transmission compressor station (Bradshaw Station) located on Bear Run Rd 3 miles northeast of Smithfield in Wetzel County, West Virginia. The site latitude and longitude coordinates are: 39.53288 N, - 80.53298 W.

The applicant estimates the potential increase in the following Regulated Air Pollutants associated with the project after the installation of the proposed equipment: Particulate Matter (PM) = 47.47 tpy

Sulfur Dioxide (SO2) = 10.98 tpy

Volatile Organic Compounds (VOC) = 31.94 tpy

Carbon Monoxide (CO) = 197.78 tpy

Nitrogen Oxides (NOx) = 178.62 tpy

Hazardous Air Pollutants (HAPs) = 10.79 tpy

Carbon Dioxide Equivalents (CO2e) = 391,794 tpy

Startup of operation will begin around the 4th quarter of 2017. Written comments will be received by the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street, SE, Charleston, WV 25304, for at least 30 calendar days from the date of publication of this notice.

Any questions regarding this permit application should be directed to the DAQ at (304) 926-0499, extension 1250, during normal business hours.

Dated on October 28, 2015.

**RE: Application Status
Mountain Valley Pipeline, LLC
Bradshaw Station
Plant ID No. 103-00109
Application No. R13-3278**

Mr. Posey,

Your application for a construction permit for the Bradshaw Compressor Station was received by this Division on October 23, 2015, and was assigned to Roy Kees. The following items were not included in the initial application submittal:

Original affidavit for Class I legal advertisement not submitted.

Application fee AND/OR additional application fees:

**\$1,000 Construction, Modification, Relocation or Temporary Permit*

**1,000 NSPS*

(You may contact the Accounts Receivable section at 304 926-0499 ext. 4888 or Beth Ward at ext. 1846 to pay via credit card. DEP accepts Visa and MasterCard only.)

These items are necessary for the assigned permit writer to continue the 30-day completeness review.

Within 30 days, you should receive a letter from Roy stating the status of the permit application and, if complete, given an estimated time frame for the agency's final action on the permit.

Any determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit decision.

Should you have any questions, please contact the assigned engineer, Roy Kees, at 304-926-0499, extension 1222.
