**MEMORANDUM**

**To:** File  
**From:** William T. Rothwell II  
**Date:** January 4, 2016  
**Subject:** Williams Ohio Valley Midstream LLC – Pinecone Station – Marshall County, WV  
**ID #:** 051-00199  
**APP #:** PD15-096 (R13-3179)

**BACKGROUND INFORMATION:**

Williams Ohio Valley Midstream is proposing an engine replacement “replacement in kind” of a Caterpillar G3561B at the above subject station. The existing unit, which recently caught fire, was replaced with an identical emission unit with the same model number, horsepower, torque, and emissions specifications.

There is no change in regulatory applicability as the old and new engines are both subject to the requirements of NSPS Subpart JJJJ.

**RECOMMENDATION:**

A permit is not required by this Division for the “replacement in kind” of the above mentioned compressor engine.
