**RE: Application Status: Complete
Seven Islands Environmental Solutions, New River Clean Energy Facility
Permit Application R13-3302
Plant ID No. 081-00267**

Mr. Fairey

Your application for a Construction permit for a landfill gas fired electric generating facility was received by this Division on March 8, 2016 and assigned to the writer for review. Upon initial review of said application, it was determined that the application was incomplete. However, with the submittal of additional information received on June 17, 2016, the application is now deemed to be complete and, therefore, the statutory review period commenced on June 23, 2016.

This determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit determination.

Should you have any questions, please contact Steven R. Pursley, PE at (304) 926-0499 ext. 1218 or reply to this email.

Good morning Steven,

Just left you a voice mail message on what address we should send the \$3500.00 check too. Could you please forward that to us and we'll get it express mailed out today to Beth Ward's attention.

Let me know if you need anything else.

Thanks,
Robert

Mr. Fairey:

Your application for a Construction permit for a landfill gas fired electric generating facility was received by this Division on March 8, 2016 and assigned to the writer for review. Upon initial review of said application, it has been determined that the application as submitted is incomplete based on the following items:

1. Per DAQs March 9, 2016 email to you from Sandra Adkins we still have not received the affidavit of publication for the Class I Legal Advertisement. Please note that an emailed pdf copy of said affidavit is acceptable.
2. Because your facility will be subject to 40 CFR 60 Subpart JJJJ and WWW, please submit a \$1,000 NSPS fee. Please send the check to the attention of Beth Ward and note that it is for DAQ permit R13-3302.
3. Because your facility will be subject to 40 CFR 63 Subpart AAAA, please submit a \$2,500 NESHAP fee. Please send the check to the attention of Beth Ward and note that it is for DAQ permit R13-3302. One check for the combined NSPS & NESHAP fee (\$3500) is acceptable.

Please address the above deficiencies as soon as possible. Application review will not commence until the affidavit of publication has been received. Additionally, the final permit cannot be issued until all application fees have been received. Failure to respond to this request in a timely manner may result in the denial of the application.

Should you have any questions, please contact Steven R. Pursley, PE at (304) 926-0499 ext.1218 or reply to this email.

COPY OF PUBLICATION

**AIR QUALITY
PERMIT NOTICE
NOTICE OF
APPLICATION**

Notice is given that Seven Island's Environmental Solutions, LLC has applied to the West Virginia Department of Environmental Protection, Division of Air Quality, for a Construction Permit for a Landfill Gas-to-Energy Facility to be constructed at the Raleigh County Solid Waste Authority Land-

fill located at 200 Fernandez Drive in Beckley and within Raleigh County, West Virginia. The project will be called the New River Clean Energy Facility. The latitude and longitude coordinates are: UTM Zone 17 N4188.39 km and UTM Zone 17 E495.50 km.

The applicant estimates the project will have the potential to discharge the following Regulated Air Pollutants: Carbon Monoxide - 93.84 tons, Sulfur Dioxide - 1.71 tons, Nitrous Oxide - 18.76 tons, Particulate Matter - 4.15 tons, Particulate Matter (10) - 4.15 tons, Particulate Matter (2.5) - 4.15 tons, Volatile Organic Compounds - 33.03 tons, and Hazardous Air Pollutants - 0.52 tons. A corresponding reduction in Regulated Air Pollutants will occur from the existing Raleigh County Solid Waste Authority air emissions.

Startup of operation of the facility is planned to begin on or about October 1, 2016. Written comments will be received by the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street, SE, Charleston, WV 25304, for at least 30 calendar days from the date of publication of this notice.

Any questions regarding this permit application should be directed to the DAQ at (304) 926-0489, extension 1250, during normal business hours. Dated this the 10th day of March, 2016.

Application No. R13-3302**

Mr. Fairey,

Your application for construction permit for the New River Clean Energy Facility was received by this Division on March 8, 2016, and was assigned to Steve Pursley. The following item was not included in the initial application submittal:

Original affidavit for Class I legal advertisement not submitted.

This item is necessary for the assigned permit writer to continue the 30-day completeness review.

Within 30 days, you should receive a letter from Steve stating the status of the permit application and, if complete, given an estimated time frame for the agency's final action on the permit.

Any determination of completeness shall not relieve the permit applicant of the requirement to subsequently submit, in a timely manner, any additional or corrected information deemed necessary for a final permit decision.

Should you have any questions, please contact the assigned engineer, Steve Pursley, at 304-926-0499, extension 1218.
