Subject: Administrative Update, R13-2958C, SWN Production Company, LLC

On May 8, 2015 the DAQ received an administrative update request for SWN Production Company, LLC to make changes to Permit R13-2958C. Attached to this memo are the requested changes (identified by the red tabs), permit cover letter, completed database sheet, and updated Permit R13-2958C.

Based on 45CSR13 "Class I Administrative Updates" are limited to changes including a change in a permit condition as necessary to allow changes in operating parameters, emission points, control equipment or any other aspect of a source which results in a decrease in the emission of any existing regulated air pollutant, which is what is occurring in this permit registration. Therefore, a Class I Administrative Update is needed and it is recommended for approval.
