MEMORANDUM

To: Beverly McKeone
From: William T. Rothwell II
Date: November 12, 2015
Subject: Kingsford Manufacturing Co. – Parsons Facility – Tucker County, WV
ID #: 093-00004
APP #: PD15-089

BACKGROUND INFORMATION:

Kingsford Manufacturing Co. is proposing an alternative receipt of limestone (moisture content between 1% - 4%) from another supplier via bulk dump truck unloading (equipped with tarps) onto a storage pile located inside an existing shed building and then utilize a front end-loader to transfer the material to a feed hopper and a covered belt system. The applicant currently operates under Title V Permit No. R30-09300004-2014. The only pollutant estimated to increase is PM at 0.67 lb/hr and 0.19 TPY.

RECOMMENDATION:

The emission rates are below the emission limits of six (6) lb/hr and ten (10) TPY; 2 lb/hr, or 5 TPY of HAPs set forth set forth in 45CSR13 - 2.17.a&b. Therefore, a permit is not required by this Division under 45CSR13 for the above mentioned alternative receipt of limestone at the facility.

William T. Rothwell II, P.E.
Engineer
