BACKGROUND INFORMATION:

Continental Brick Company is proposing to install a ThinStone TXS-2600 Whisper Veneer Saw from Park Industries. The saw will be utilized to cut the face from the fired face bricks to make veneer brick.

The proposed saw is not expected to generate any air emissions.

RECOMMENDATION:

The emission rates are below the emission limits of six (6) lb/hr and ten (10) TPY; 2 lb/hr, or 5 TPY of HAPs set forth set forth in 45CSR13 - 2.17.a&b. Therefore, a permit is not required by this Division for the above veneer saw installation.
