RE: Certified Emissions Statement Invoice

To Whom It May Concern:

I understand that our emission permit list Greenbrier Valley Medical Center as a rule 30 source and is an incorrect designation listed in error. Our facility is actually a rule 22 source. I therefore request that our permit be amended via the Class 1 administrative update.

Please find enclosed a check for \$200.00 for the application fee along with the Certified Emissions Statement.

Thank you

Robert Calhoun
Chief Executive Officer
