Recreational  Agricultural  Other   
**OTHER AREAS OF CONCERN:**

**COMMENTS**

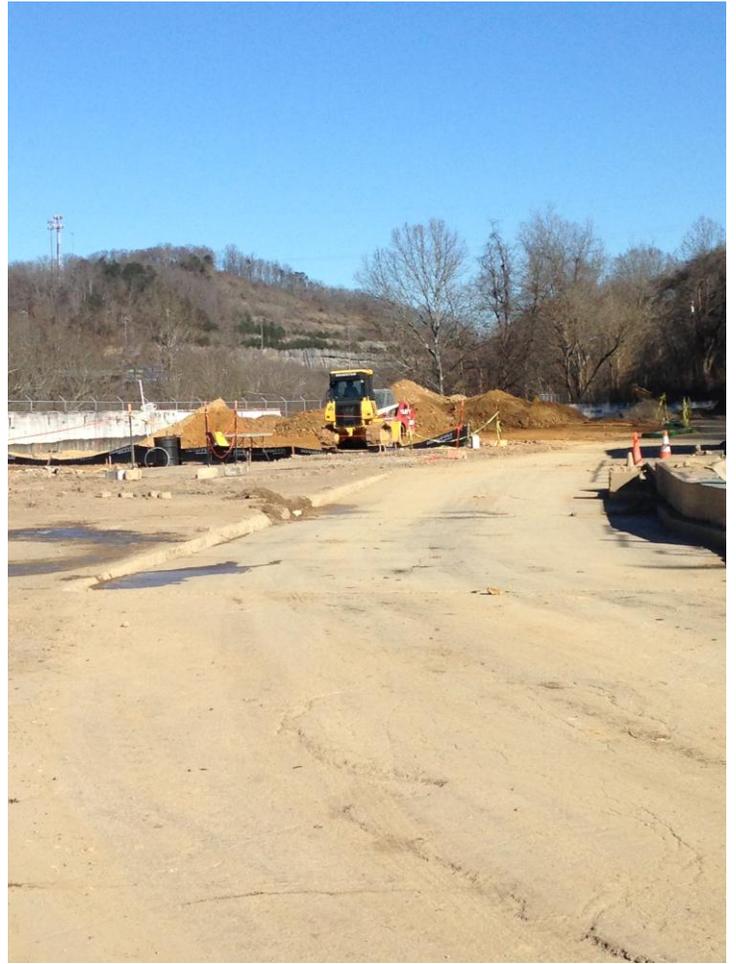

On-site at Freedom Industries AST release site @ 1030 hrs. Goals for the day – Area 1A excavation and sample, the initial sample number 36 was positive, excavating and resampling today. On track to finish only the northern part of Area 1B due to equipment staging on the southern portion. Also to finish Area 2. Three trucks are running to the landfill, the fourth is broken down. Each truck with approx. 20 tons of soil. All workers observed were in proper PPE. No air monitoring being performed for the loading process, air monitoring was performed during initial excavation. Matt Ford and Kinder Tuckwiller of CORE Environmental on-site, and SPSI workers on-site, [SPSI employees include, Gary Houseman (excavator operator), Ron Holmes (excavator operator), Aaron (Josh) Thayer, Chuck Devine and Conner Fritz (field techs).] On-site safety sheet duties were as follows- Site maintenance, Load and Dump , Excavation of Area 2.
