Re: Modification of road –plugging permit 47-017-02113

Dear Mr. McLaughlin,

Enclosed is an updated WW4A, topo map and potential water map, showing a change to the original road. One surface owner was added to the access road and a copy of the package mailed is attached. Please apply this modification to the permit on file.

If you have any questions, please do not hesitate to contact me at (304) 848-0076.

Sincerely,

Well # 654051 API 47-041-02413

WV Department of
Environmental Protection

After talking with the surface owner (Bailey), they did not want us to go to the well by driving in front of their house. A different route was suggested and the surface owner was in agreement. There was no road to the well, so by building this road there will be only one location road to the well.

Well # 606110 API 47-017-02113

Since the original road design would now cross the Bassett's septic tank, It was discussed with the surface owner to use an existing road that travels near the well site. This added Marion G. Zornin to the permit as a surface owner on an existing road (road is on lease)and she was noticed. With this road, there will only be on location road to the well.
