

Air Quality

General Permitting and Compliance in the State of West Virginia

Compliance - Can you afford not to be compliant?

What is required to become compliant with EPA and WVDEP clean air regulations?

What is required in the permitting process and does it apply to my company?

About the Presenter

Dr. Terry L. Polen

This 6 hour seminar is being
conducted in coordination with
WVU-Industrial Extension and the
WVDEP. Dr. Terry L. Polen, DM,
PE, QEP, Ombudsman from the
WVDEP will be presenting.

Some of the topics covered include:

- **Permits/Permitting Process**
- **Review Clean Air Acts
(1970, 1977, 1990)**
- **Air Quality Definitions and
Terminology**
- **DEP Air Quality Requirements**
- **Air Monitoring**
- **Title V (45CSR30)**
- **National Ambient Air Quality
Standards (NAAQS)**
- **New Source Review
(Major and Minor)**

About the Seminar

This one day course is designed to
inform and guide participants to
both federal (EPA) and state West
Virginia (DEP) air quality
regulations. In addition methods
used to prepare and maintain air
permits will be reviewed.
Participants will learn what
regulations would be required to
maintain compliance.

This course should be attended by
managers or individuals who are
responsible for environmental
compliance at their organization.
