DATE: April 2, 2012
ORDER NO.: 7368

INTRODUCTION

This Consent Order is issued by the Director of the Division of Water and Waste Management (hereinafter "Director"), under the authority of West Virginia Code, Chapter 22, Article 11, Section 1 et seq. to Crosier's Sanitary Service, Inc. (hereinafter, "Crosier's").

FINDINGS OF FACT

In support of this Order, the Director hereby finds the following:

1. Crosier's operates a Septage Hauling Company and land applies on the O'Dell Farm site located on county route 18, near Nettie, Nicholas County, West Virginia.
2. On March 14, 2011, West Virginia Department of Environmental Protection (WVDEP) personnel conducted an inspection of Crosier's O'Dell land application site. It was determined by WVDEP personnel that two loads of septage, totaling approximately 22,000 to 24,000 gallons, were released onto the O'Dell land site. During the inspection, the following violation of WV Legislative Rule was observed and documented:
 - a. Caused conditions not allowable in State waters by allowing sludge deposits on the bottom of the stream (47CSR2- 3.2.b.)

As a result of the aforementioned violation, Notice of Violation (NOV) No. CM-S-MB-110514 was issued to Crosier's.

3. On August 22, 2011, a meeting was held between representatives of Crosier's and WVDEP personnel to discuss the terms of this Order.

Promoting a healthy environment.

4. On March 7, 2012, a follow-up meeting was held between representatives of Crosier's and WVDEP personnel to discuss the terms of this Order.

Under this Order, Crosier's agrees to take all actions required by the terms and conditions of this Order and consents to and will not contest the Director's jurisdiction regarding this Order. However, Crosier's does not admit to any factual and legal determinations made by the Director and reserves all rights and defenses available regarding liability or responsibility in any proceedings regarding Crosier's other than proceedings, administrative or civil, to enforce this Order.
2. The Director reserves the right to take further action if compliance with the terms and conditions of this Order does not adequately address the violations noted herein and reserves all rights and defenses which he may have pursuant to any legal authority, as well as the right to raise, as a basis for supporting such legal authority or defenses, facts other than those contained in the Findings of Fact.
3. If any event occurs which causes delay in the achievement of the requirements of this Order, Crosier's shall have the burden of proving that the delay was caused by circumstances beyond its reasonable control which could not have been overcome by due diligence (i.e., force majeure). Force majeure shall not include delays caused or contributed to by the lack of sufficient funding. Within three (3) working days after Crosier's becomes aware of such a delay, notification shall be provided to the Director/Chief Inspector and shall, within ten (10) working days of initial notification, submit a detailed written explanation of the anticipated length and cause of the delay, the measures taken and/or to be taken to prevent or minimize the delay, and a timetable by which Crosier's intends to implement these measures. If the Director agrees that the delay has been or will be caused by circumstances beyond the reasonable control of Crosier's (i.e., force majeure), the time for performance hereunder shall be extended for a period of time equal to the delay resulting from such circumstances. A force majeure amendment granted by the Director shall be considered a binding extension of this Order and of the requirements herein. The determination of the Director shall be final and not subject to appeal.
4. Compliance with the terms and conditions of this Order shall not in any way be construed as relieving Crosier's of the obligation to comply with any applicable law, permit, other order, or any other requirement otherwise applicable. Violations of the terms and conditions of this Order may subject Crosier's to additional penalties and injunctive relief in accordance with the applicable law.
5. The provisions of this Order are severable and should a court or board of competent jurisdiction declare any provisions to be invalid or unenforceable, all other provisions shall remain in full force and effect.
6. This Order is binding on Crosier's, its successors and assigns.

7. This Order shall terminate upon Crosier's notification of full compliance with the "Order for Compliance" and verification of this notification by WVDEP.

- 1)e - Actual Human/Environmental Exposure and Resulting Effects thereon

Examples/Guidance:

Note: Rate as 1 for Minor, 2 for Moderate and 3 for Major. Rate as 0 if it does not apply.

Minor = exceedance of permit limit by <=40% for Avg. Monthly or <=100% for Daily Max., exceed numeric WQ standard by <= 100%, or report doesn't contain some minor information.

Moderate = exceedance of permit limit by >= 41% and <= 300% for Avg. Monthly, >= 101% and <= 600% for Daily Max., exceed numeric WQ standard by >= 101% and <= of 600% or report doesn't fully address intended subject matter.

Major = exceedance of permit limit by >= 301% for Avg. Monthly, >= 601% for Daily Max., exceed numeric WQ standard by >= 601%, failure to submit a report, failure to obtain a permit, failure to report a spill, etc. Note that a facility in SNC should be rated as major for length of time and degree of non-compliance.
